Trust-Based Relational Intervention® (TBRI®) is an attachment-based, trauma-informed intervention that is designed to meet the complex needs of vulnerable children. TBRI® uses Empowering Principles to address physical needs, Connecting Principles to meet attachment needs, and Correcting Principles to disarm fear-based behaviors. The TBRI® Caregiver Training equips participants with practical tools to support children by teaching the Principles and Strategies of TBRI® and how to apply them in daily interactions.
